We could do with a holiday. Where do you suggest?

I had a great time scuba-diving in the Red Sea last year and I got a great tan there. That would do you good but you'd have to watch for sharks.

We’re used to sharks. There’s plenty in Soho.

Yeah, it’s an odd place isn’t it, but London is grimy. You need to get out in the sun.

We’re content to just talk to women like yourself.

Maybe that’s it. I could certainly put some colour in your cheeks!

This treatment should be freely available on the NHS!

[Dill] It beats just lying around eating horrible dinners.

[Kate] Calm down, Dill, you're supposed to be ill, remember?

What's supposed to be wrong with you?
[Dill] I reckon it's a severe case of sexual frustration, and there's only one known cure.
[Kate] Yeah, me!

You make a great nurse, Kate.
[Kate] And she's a good patient. She does whatever I say.

Well it looks like you're well on your way to recovery!

[Dill] I can still feel the odd twinge now and then…

[Kate] That's just my hands. I can't leave you alone!

We were looking forward to seeing a bed bath.

[Dill] I was looking forward to getting one! What do you say, nurse?

[Kate] No, it's time for your medicine.

What medicine is that exactly?
[Kate] It's just normal water – but she has to lick it off my tits…
[Dill] See? I get the best treatment in this special ward. Even the medicine is nice!

Now this sounds like something we just have to see!
[Kate] Well I'm sorry, gents, but visiting time is over. You'll only make Dill all excited – and that's my job!
[Dill] Mmm, nurse!

Dear Mayfair,

Here are a few natural photos I took of myself. I am 18 years old and have just left school. I have decided to take a year out and just have fun! I hope you like the photos. Maybe you would like to see more.

This is like *Jim'll Fix It!* Your dream has come true!
It's something I've always wanted to do, and it feels great to be in Mayfair!

Would you like to model full-time?
I'm not sure yet. Why, you offering?

We think you've got what it takes.

I want to do so much right now, find out what life has to offer. This is just one of my many goals.

We're glad we managed to help you realise at least one of your ambitions…

Aye, you have that. I couldn't believe it when you invited me along for a shoot – but if I do another I'd like to do a set with another girl. Do you think your readers would like that?

Would you? Letters to the usual address!

What's all this about you being involved in the Millennium Dome?
I was very nearly the still-life model who the giant dome figure was going to be based on.

Wow! A gigantic version of you?
Not exactly, although that would have been cool.

We would have been going in and out of your entrance all day.
Yeah, sounds fun!

What do you think should be in the dome?
People having sex. Just a massive stadium with people fucking in every position. The tickets would sell-out!

Where do you intend to be come the year 2000?

Living in a big house with five hunky male slaves tending to my every sexual desire.

So we'll see you down the dome?

No, I don't think so, not unless they go for my public fucking idea. If they do, I'll be there – in the front row!

We couldn't help notice something about you, Nicole.
Is it my pussy?

Erm… no.
Is it that you can see my tits and you want to play with them and then fuck me really hard?

Ahem… no.
Did you notice my pert bum sticking up in the air?

It was your tattoo actually!
My tattoo? Oh, it's awful, isn't it? A bit tacky. The thing is I had it done a few years ago, when I was young and didn't know any better!

No, we like it! Looks kind of, well, kind of sleazy.
It's a good way to break the ice. Blokes go, "I like your tattoo," and then they'll say, "Can I see what else you've got?" Next thing I know I'm fucking them!

That's one way to get them!

Men are all the same at heart. I have a few friends who can never get laid and I'm always saying, "Act sleazy, behave like a tart" because all this new man talk is nonsense it really is. Men just want to fuck and they get turned on if you act like a slag!

You should become a preacher on sexual issues.

Well, you only live once, so you might as well have as much fun as you can. Everybody should abide by my number one rule: if you like it – then fuck it!

We were told you didn't want to be interviewed. *I'm just a bit nervy about it.*

No need to worry, it's just like a chat down the hairdressers. *[Laughs] Okay.*

So… erm, are you going on holiday this year? *I've already been, back in June. Yeah, I went to Spain with my friends.*

Did you get laid by any Spaniards? *My hairdresser wouldn't ask that!*

Oh, right. Sorry.
I'll tell you if you really want to know.

Go on, then…
Yes, I did sleep with a Spanish guy.

Was he a hairdresser?
No, but he was a snappy dresser and my hairs got a tickle!

You certainly look horny enough. How does it feel knowing millions might watch you over the Net?

A little bit freaky, but the thought gives me a kick. That's the weird part of this job, you rarely get any real feedback from fans.

Will you be 'logging on' yourself?

Well I'm useless when it comes to computers, I don't really like them. Although I've heard you can get plenty of saucy stuff over the Net, so I might check it out purely for that!

This has to be your best photo shoot ever!

I certainly can't complain. I got to go to Hawaii for two weeks!

That's our idea of paradise!

Mine too! There wasn't a single man in sight, which meant I could take a break from being chatted-up!

Happens often does it?

Yeah. Men seem to think I'm constantly in need of a shag.

Wonder why…

[Laughs] It's not as if I take my clothes off for a living, is it?

You didn't get intimate in Hawaii then?

I did, yes. But only with my own fingers!
